

THE **MOST ADVANCED** & EASY TO USE CONTROLS IN THE INDUSTRY

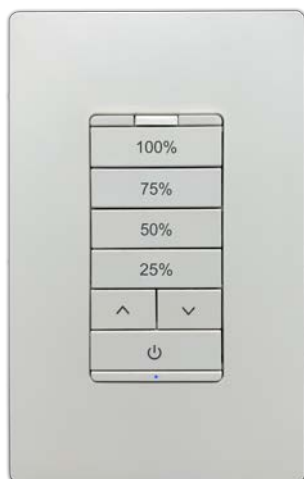

Avi-on App

Office managers want simple lighting controls

Most networked lighting controls are too complicated to manage and configure. Building owners/operators want solutions that optimize ROI, can be self-managed, do not require IT support, and grow with business needs. Most of all, people want a solution that just works.

Avi-on makes controls that are easy to install, use and change. We make it easy to customize for any lighting configuration or space.

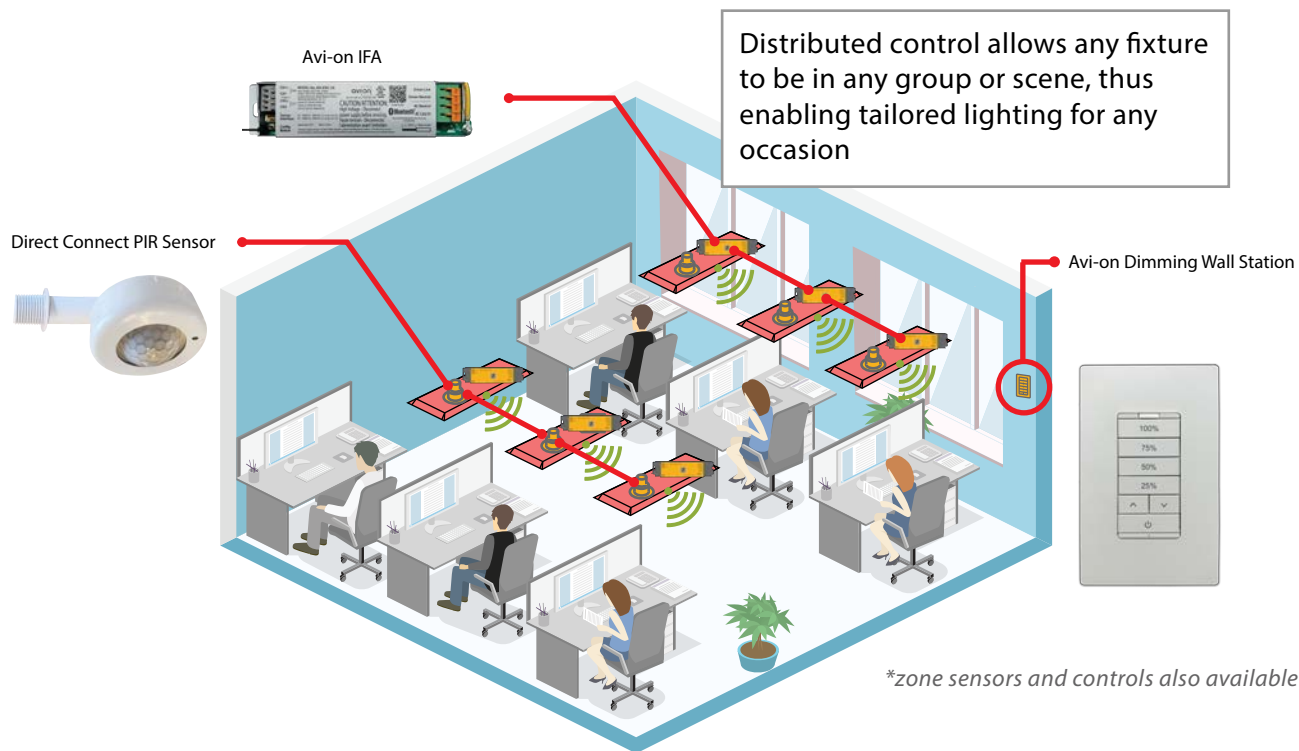

Scene Controller

- **Gateway-free, Distributed Control**
Gain optimal energy savings without a complicated gateway: no single point of failure, no extra cost/hassle, and no special network or panel installation
- **Flexible Control Strategies**
Mix scheduled and sensor-based controls with no gateway required
- **Hassle-free Mobile App Programming**
Intuitive tools enable rapid setup and changes to any combination of sensors, zones, schedules, and scenes
- **IT-friendly Solution**
Run stand-alone or use a cell modem to avoid corporate network integration
- **Control the Whole Property**
Combine indoor and outdoor lighting control in one easy to use solution
- **Color-capable Controls**
Use battery-powered wall stations or the mobile app to wirelessly control CCT and Lumenetix-enabled (HSL) luminaires, including circadian transitions and unique color picking
- **Optional Cloud Connectivity**
Manage user access control, device configurations, remote diagnostics, and future reporting/upgrades with a robust, utility-grade platform and web application

Companies choose Avi-on to maximize their ROI

Avi-on maximizes utility rebates, annual energy savings, productivity, safety, and convenience... while reducing installation and ongoing maintenance costs and providing flexibility to reconfigure how the lighting in spaces operates using software instead of re-wiring.

CCT made easy

Enhance productivity of workers using Avi-on Dynamic Color Tuning, which creates the experience of natural daylight.

Virtually unlimited coverage

Avi-on mesh provides worry-free wireless connectivity and can grow as your needs do.
