Simple Bluetooth® Controls

BLUETOOTH LIGHTING MADE SIMPLE

Avi-on App

Efficiency & flexibility in the warehouse

There is much to consider when specifying warehouse lighting needs. Lighting must comply with codes, use energy efficiently, enable productivity and enhance the working space. Lighting can also consume up to 60% of warehouse energy expenses.

Avi-on lighting solutions provide efficient code compliant lighting with the highest quality warehouse lighting for productivity. Also the simplicity of the Avi-on Bluetooth network can save significant time and cost to update and maintain.
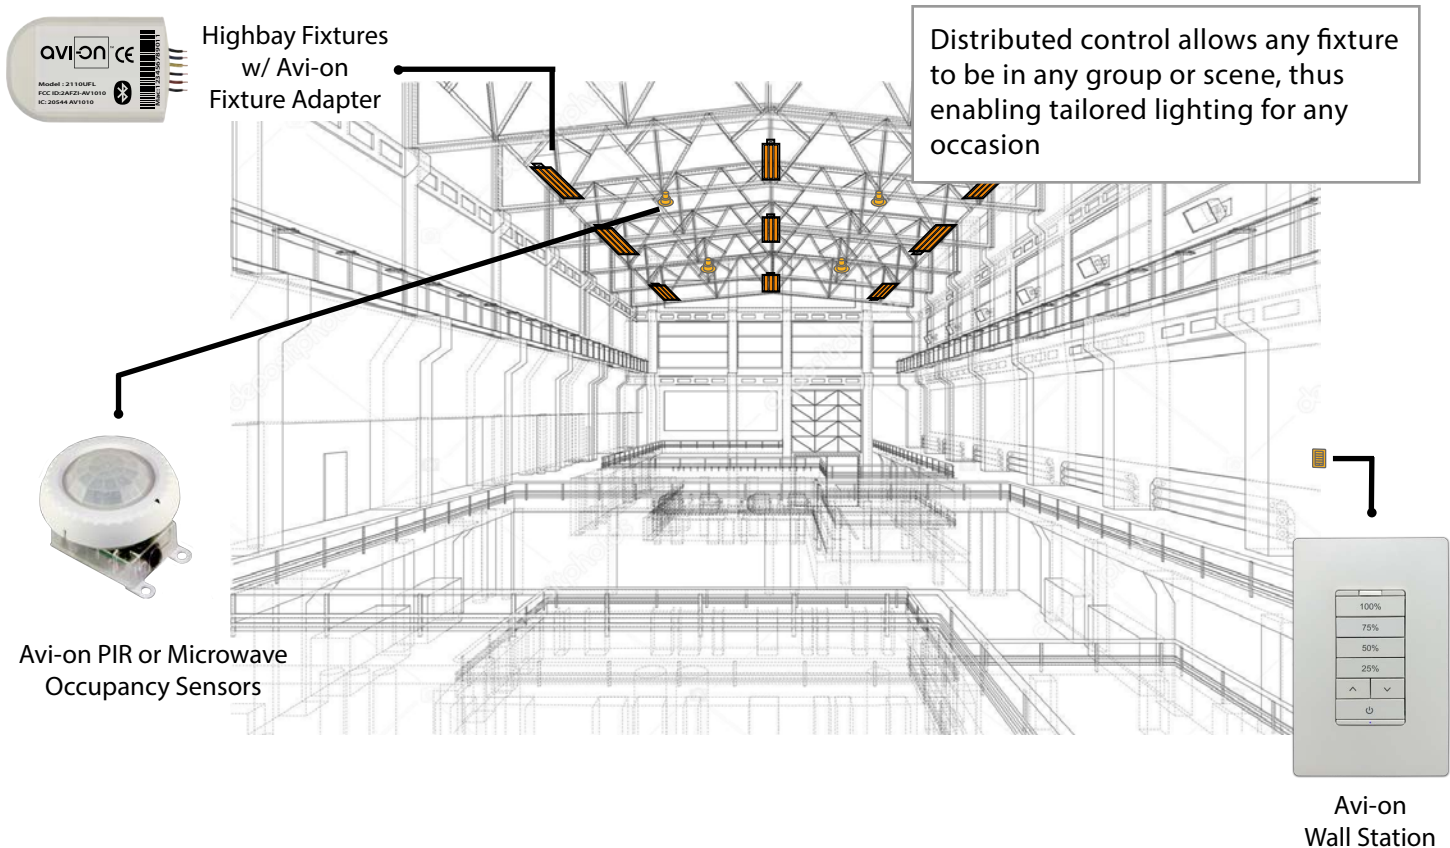

Avi-on Wall Station

- **Gateway-free, Distributed Control**
  Optimal energy savings & easy reconfiguration without a single point of failure or the cost/hassle of gateways and network installation

- **Flexible Control Strategies**
  Mix scheduled and sensor-based controls with no gateways required

- **Hassle-free App Programming**
  Intuitive tools enabling rapid setup and reconfiguration of groups, scenes, schedules, etc.

- **IT-friendly Policy**
  Run stand-alone or use cell modem to avoid production network

- **Control the Whole Property**
  Mix warehouse, manufacturing, office, and area lighting in one easy to use system

- **Optional Cloud Connectivity**
  Robust, utility-grade platform manages user access control, device configurations, remote diagnostics and future reporting/upgrades

Avi-on believes that lighting controls should be simple.

With decades of experience at the forefront of industrial networking and IOT technology, we built a unique, patented Mesh platform based on Bluetooth® technology. We liberated the fixture from the circuit, and the switches from the walls. Then we added mobile and web-based management tools that liberated the customer from the tyranny of programming and maintenance. At Avi-on, simple means easy.

Highbay Fixtures
w/ Avi-on
Fixture Adapter

Distributed control allows any fixture to be in any group or scene, thus enabling tailored lighting for any occasion

Avi-on PIR or Microwave
Occupancy Sensors

Avi-on
Wall Station

Virtually unlimited coverage

Avi-on mesh provides worry-free wireless connectivity and can grow as your needs do.
